

Double Toilet Roll Holder

Product Code : DTRH

Stainless steel double wall mounted toilet roll holder with concealed wall fixings. Mechanism allows second roll to drop down when first roll is completely finished. Supplied with two theft resistant heavy duty spindles.

Material:

Stainless steel grade 304 body, door, and two roll mechanism with satin finish on all exposed surfaces. Heavy duty ABS plastic theft resistant spindles.

Fixing:

Concealed wall fixing holes with supplied stainless steel screws (appropriate wall plugs may be required).

Operation:

Toilet rolls replenished via hinged lockable front lid, spindles can only be removed when the lid is opened. Second roll drops down automatically when the first roll is completely depleted. Special mechanism only allows the second roll down when the first spindle reaches the bottom of the mechanism.
