

# Floor Standing Trough Urinal

Product Code : FSTU

Manufactured from 1.2mm thick stainless steel with a satin finish. Polished end panels suitable for wall fixing or exposed installation. Raised trough with front removable access cover.

## Length:

The urinal is available to order online in five standard lengths: 1200 mm, 1500 mm, 1800 mm, 2100 mm, and 2400 mm. The urinal can also be manufactured in one piece in any size up to and including 3300mm.

## Waste Outlet:

The trough urinals are supplied with a 38 mm (1 1/2") BSP white plastic dome grated waste fitting positioned to the left or right side.

## Flushing System:

All urinals are fitted with a vandal resistant sparge pipe. The sparge pipe connection to the flushpipe is top entry for an exposed surface mounted cistern or can be supplied with a back entry connection for a concealed duct mounted cistern.

## Cistern & Flushpipe:

The urinals are supplied with a stainless steel automatic flushing cistern. Each cistern is complete with lid, syphon and petcock.

## Specials:

The urinals can be supplied as two or more separate units with their own wastes and cisterns for lengths in excess of 3300mm, or for corner installations. Cover trims and / or corner cappings are supplied with these urinals.
